STALWART WITH

By His Victory in Champagne Stakes Whitney Two-Year-Old Shows His True Form and Pleases His Admirers.

The victory of Stalwart in the Champagne Stakes was something of a sur-Yet it was pleasing to those who early in the season picked Stalwart for one of the best youngsters of the sea-

What could have alled Stalwart all the season no one knows, but he was cer-tainly a disappointment. He always had of five furlongs his ears would pin back and he would evince a disposition to quit, no matter what persuasion his

Yesterday he was an entirely different orse. He not only had all his speed, but at the end of the route was going comparitively easily and was apparently willing to go along a good bit further

O'Neill Criticised.

There were some who were inclined to criticise O'Neill for going to the front with Pulsus, claiming that if he had been taken back and his speed reserved he could have outsprinted Stalwart in the end. O'Neill, however, probably rode to orders. Mr. Madden is a close observer of racehorses and of races, and he probably figured, as did nine men out of ten, that Pulsus with his great flight of speed could make Stalwart out as sual at the end af five furlongs.

But Stalwart was a different horse vesterday. He was an uncommonly good horse, and the fact that he beat Pulsus reflects no discredit on the Madden coungster, for Pulsus was conceding ten pounds. Though Stalwart had something in hand at the end, he was not much the better. At even weights the chances are that Pulsus would trim him.

Best Race Ever Run-The time for the race-1.26-shows that from the standpoint of speed it was the astest race by a full second ever run or this stake. Miltonian ran in 1.27 last for this stake. Miltonian ran in 1.27 last fall, beating Aceful, and that was the record for the stake. In point of speed it was also the best race ever run over the course, for though Chuctanunda and Mamie Worth both ran in the same time, the former was a three-year-old and carried only 115 pounds, while Mamie Worth, also three years old, carried only 107. The performance of both Stalwart and Pulsus must be set down as one of the best races of the scason.

Coburn Getting Heavy. Sockey Coburn fainted in the paddoc vesterday. The boy was weak from exhaustion produced by reducing tweight. Coburn is growing heavy an has to use drastic treatment to get to a weight at which he can accep mounts. The chances are he will go to England or France next season, when the weights would give him a chance or ide.
